Hays is the educational and medical center of Western
Kansas. Located here are two colleges, Fort Hays
Kansas States College and St. Joseph's College and
Military Academy. There are modern and efficient
public and parochial school systems here as well. . . .
Here, too, is the Fort Hays Experiment Station where
experiments are carried on from which recommended
agricultural practices for this area result. . . . Hays
has two hospitals, St. Anthony's Hospital and the Hays
Protestant Hospital, which care for the needs of the
sick,—not only here, but from a wide territory in
Western Kansas. . . . Indeed
